

24th November 2021

Dear Parents and Caregivers,

Subject: Ordering optional 2022 accompanying physical textbooks

In 2022, the school will provide all required textbooks for students (through the school fee structure). Most books will be delivered digitally via the Box of Books platform. Parents do not need to purchase any required texts. Where a digital text is not available, a physical copy will be provided by the school. Should your daughter wish to have a physical copy of a text in addition to the provided digital copy, it can be purchased by parents via Box of Books, at a heavily discounted rate for a limited time. After 31st December 2021, the cost of physical texts will return to RRP. Optional physical texts can be purchased through any textbook supplier, but only Box of Books can offer the discounted rate. Orders must be placed by Friday 10th December 2021 to ensure delivery before the start of the school next year.

Please see the video below on how Box of Books works and how we will continue to work together to support your student's ongoing educational needs.

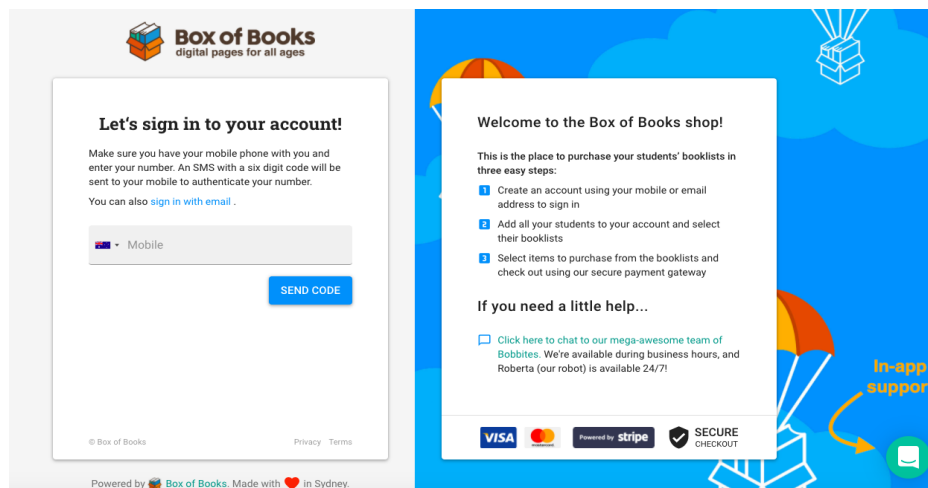

[Box of Books - Service Overview](#)

Box of Books looks forward to supporting your daughter's learning through their world leading digital platform and 100% COVID safe delivery service for texts and physical resources for school families.

Steps to order physical copies of texts (this is optional):
